THANG HOANG

Department of Computer Science and Engineering, University of South Florida
Interdisciplinary Research Building, IDR 400
3720 Spectrum Blvd, Tampa, FL 33612
☎ (+1) 541 – 230 – 8807
Email: hoangm@mail.usf.edu
Webpage: http://thanghoang.github.io/

Research Interests

Applied Cryptography
Security and Privacy
Usable Security
Biometrics

Education

University of South Florida, Tampa, Florida, United States (2019 – current)
PhD Student (transferred from OSU), Computer Science
- Advisor: Dr. Attila Altay Yavuz

Oregon State University, Corvallis, Oregon, United States (2015 – 2018)
PhD Student, Computer Science
- Advisor: Dr. Attila Altay Yavuz

Chonnam National University, Gwangju, South Korea (2012 – 2014)
Master of Science, Computer Science
- Thesis: *Gait Authentication on Mobile Phone Using Pattern Recognition and Biometric Cryptosystem*
- Advisor: Dr. Deokjai Choi

University of Science VNU-HCMC, Ho Chi Minh city, Vietnam (2006 – 2010)
Bachelor of Science, Computer Science
- Thesis: *Integrating Camera Based Supervision System to Access Control Devices and Applications*
- Advisor: Dr. Thuc D. Nguyen

Professional Experiences

Research Intern, Robert Bosch Research & Technology Center, Pittsburgh, PA, United States (06.2018 – 09.2018)
- Mentor: Dr. Jorge Guajardo Merchan
- Topic: Oblivious Distributed File System

Research Intern, Robert Bosch Research & Technology Center, Pittsburgh, PA, United States (06.2016 – 09.2016)
- Mentor: Dr. Jorge Guajardo Merchan
- Topic: Distributed Searchable Symmetric Encryption

Graduate Research Assistant, Oregon State University, Corvallis, OR, United States (09.2015 – present)

Lecturer, Saigon Technology University, Ho Chi Minh city, Vietnam (09.2014 – 09.2015)
- Introduction to Programming, Java Programming with Database, Algorithms and Data Structures

Research Scientist, RedOne Technologies Co., Ltd., Gwangju, South Korea (03.2014 – 03.2015)
- WiFi Handover for Robot Platform
- Secure Communication Protocol for Robot Framework
- Security Services Supported for Robot Communication

Graduate Research Assistant, Chonnam National University, Gwangju, South Korea (03.2012 – 09.2014)
- Implicit Authentication on Mobile Phone *(funded by NRF)* (2 years)
- Mobile Device Interface Research Center (MDIRC) group (2 years)
- Wi-Fi Handover for the Robot Monitoring and Controlling System (*in collaboration with RedOne Technologies Co., Ltd.*) *(funded by NIPA)* (6 months)
- User Location Prediction *(funded by MDIRC)* (2 years)

- User Activity Recognition on Mobile Phone *(funded by MDIRC)* (1 year)

Teaching Assistant, Saigon Technology University, Ho Chi Minh city, Vietnam (09.2010 – 02.2012)

- Computer 101, Introduction to Programming, Object Oriented Programming, Web Programming

Research Assistant, Information Security Laboratory, Ho Chi Minh city, Vietnam (2009 – 02.2012)

- RFID-Based Security Platform for Access Control Management and Time Attendance Tracking Systems
- Supply Chain Management Using RFID Technologies

Awards and Honors

Awards and Grants

- Phi Kappa Phi Honor Society (2019)
- Student Conferenceship Travel Grant (ACSAC) (2016)
- Global IT Government (NIPA) Scholarship (2013)
- National Research Foundation of Korea Scholarship (2012–2014)
- Ministry of Science, ICT&Future Planning Research Scholarship (2012–2014)
- Brain Korea 21 (BK21 & BK21+) Research Scholarship (2012–2014)

Research Achievements

- Best Paper Award in IFIP DBSec 2018, Bergamo, Italy (2018)
- Best Paper Award in UCES 2013 international symposium, Da Nang, Vietnam (2013)
- Best Paper Award for the most innovative application in ICCAIS 2012, Ho Chi Minh city, Vietnam (2012)

Professional Services

Program Committee

- CosDEO Workshop (*affiliated with PerCom*) (2018, 2020)

Journal Reviewer

- ACM Transactions on Privacy and Security (ACM TOPS) (2017*)
- IEEE Transactions on Dependable and Secure Computing (IEEE TDSC) (2017*, 2018*)
- IEEE Transactions on Information Forensics and Security (IEEE TIFS) (2018*)
- IEEE Transactions on Cybernetics (2019*)
- IEEE Transactions on Cloud Computing (IEEE TCC) (2019)
- Elsevier Information Sciences (2017)
- Elsevier Journal of Information Security and Applications (2019)

**External reviewer*

Conference Reviewer

- ACSAC (2017, 2018, 2019)
- ASIACRYPT (2018)
- EUROCRYPT (2018)
- IFIP DBSec (2018, 2019)
- IEEE CNS (2019)
- WWW (2019)

Invited Talks

Trainer, Eduroam Workshop, University of Indonesia, Depok, Indonesia (08.2015)

- Topic: Wireless Network Security

Languages

Vietnamese	Native
English	Professional working proficiency
Korean	Elementary proficiency

Skills

C, C++, C#, VB, Matlab, Java, LaTeX, Javascript, PHP, ASP.NET
